

Augusta Technical College has an awesome and supportive faculty. They exemplify this year's college theme of "Accelerating Opportunities."

Kevin Bryant, the College's 2022 Rick Perkins Instructor of the Year and an Automotive Technology Instructor, and Linda Walker, a Cosmetology Instructor with a huge heart for her students, are two team members who have personally funded scholarship endowments.

Kevin funds his scholarship endowment with monies generated by his YouTube Channel "Auto Scholar with Mr. B." which teaches automotive repair online. Linda funded her endowment through monies donated from her personal funds during our annual Family First internal giving campaigns for faculty and staff. The end-result is that their donations have funded both an annual scholarship for a student enrolled in Cosmetology and Automotive Technology.

You can do the same thing. A \$10,000 gift is the corpus for a new endowment at Augusta Tech. You can click the link below and donate to Augusta Tech during the period leading up to our first Online Giving Event scheduled for Tuesday, September 27th, or you can make any-size donation and help accelerate opportunities for students. Give generously and help spread the word about our On-line Giving Day. You can make a difference just like Kevin and Linda do every day.

Click the link below to donate between August 29th and September 27th. Go Cougars!
