## ***Augusta Technical College Hosts Second Annual Mid-Year Economic Outlook Event with The Federal Reserve Bank of Atlanta***

---

The keynote speaker will be Dr. David E. Altig.

Augusta, GA, June 1, 2022

Augusta Technical College's Economic Development Division will host its inaugural Mid-Year CSRA Economic Outlook Event on Thursday, June 23, 2022, at 2:00pm in the Jack B. Patrick Information Technology Center Auditorium located on Augusta Tech's main campus.

Dr. David E. Altig, Executive Vice President and Director of Research at the Federal Reserve Bank of Atlanta, will be the keynote speaker for this event. In addition to advising the Bank president on monetary policy and related matters, Dr. Altig oversees the Bank's Research Division, which includes the Bank's team of economists, the Regional Economic Information Network, and the Bank's Community and Economic Development function.

Dr. Altig will provide national, regional, and local (CSRA) economic forecasts for the remainder of the 2022 calendar year. Topics will include GDP, inflation, interest rates, international trade, monetary policy, unemployment and the effects of COVID-19 in the economy.

As part of the nation's central banking system, the Atlanta Fed supports the monetary policy process by engaging business, banking, and community leaders throughout the district to gain a real-time understanding of the state of the economy and the challenges facing local communities.

"We are pleased to host the second annual mid-year economic outlook event with the Federal Reserve Bank of Atlanta," stated College President Dr. Jermaine Whirl. "The pandemic has made business decision making and forecasting difficult for many organizational executives. This mid-year update will be timely, informative, and engaging for our CSRA business leaders."

This event is free, but participants must RSVP to attend. Click [here](#) to reserve your seat today.

## ***About Augusta Technical College***

Augusta Technical College, a unit of the Technical College System of Georgia, is a public postsecondary institution that provides academic and technical education, customized business and industry training, continuing education, student support, economic development, and adult education services to its service area (Burke, Columbia, Lincoln, McDuffie, and Richmond Counties) at a competitive financial value. Associate of Science Degrees, Associate of Applied Science Degrees, diplomas, and technical certificates of credit are provided through traditional and distance delivery methods.
