

2020 Adult Education Instructor of the Year

The winner of the 2020 Teacher of the Year award was Ms. Jacquelyn Green, Adult Basic Education instructor from Augusta Technical College. Through the support of the Certified Literate Community Program, Ms. Green received \$1,000 and an iPad as the Teacher of the Year.

In her application, Ms. Green stated, “Beyond textbooks, emails, events, curricula, conferences, and MSG gains, my success is ultimately judged by my students. Did I make a difference in their lives? No amount of awards or recognition could ever outweigh the love I have received from my students. Because of them, I know the answer to that question. For me, teaching, educating, motivating, inspiring, and bringing about change for adults of all ages is one of my priceless moments!”
